Immunoprecipitation of recombinant LyzC with His-SUMO-Cab45 purified from HEK293 supernatant

Mai Ly Tran Bulat R Ramazanov Tobias Karl-Heinz Hecht Julia von Blume *

Updated date: Sep 1, 2021

*For correspondence: julia.vonblume@yale.edu

An abbreviated version of this protocol was published in The Journal of Cell Biology in May 2020

Fam20C regulates protein secretion by Cab45 phosphorylation

DOI: 10.1083/jcb.201910089
